PROFILE

I'm a full stack web developer skilled in React, Next.js, and FastAPI. I enjoy creating responsive websites and understanding how everything functions behind the scenes—from frontend interfaces to backend APIs. During my training, I worked on real-time projects that gave me hands-on experience. I'm now looking for a chance to join a company where I can continue learning and grow as a developer.

EDUCATION

NTS Academy, Jaipur, Rajasthan

Full Stack Web Development — 2024 – 2025

Sri Karan Narendra Agriculture University, Jobner, Jaipur, Rajasthan

B.Sc. (Hons) Ag and MBA (Agribusiness Management) — 2019 – 2024
