

DEEPAK KUMAWAT

MERN STACK DEVELOPER

+91-7727880048 | deepakkumawat1751@gmail.com | Jaipur, India (303328)

[Linkedin](#) | [Portfolio](#) | [GitHub](#)

CAREER OBJECTIVE

Detail-oriented and passionate Full Stack Developer with a strong academic foundation and hands-on training in modern web technologies like React.js, Next.js, Python (FastAPI), Node.js, Express.js, MongoDB and SQL. Currently pursuing MCA to strengthen my backend and system architecture skills. Eager to contribute to innovative projects and grow within a forward-thinking development team.

EDUCATION

Master of Computer Applications (MCA) , SGVU, Jaipur, Rajasthan	(2025 – Present)
Mern Stack Development Certification , DAAC, Jaipur, Rajasthan	(2024 – 2025)
B.Sc. , SKN University , Jobner, Rajasthan	(2019 – 2024)

PROJECTS

- [EduVertas – Learning Management Platform](#): Built a full-stack education platform for managing online courses and memberships. Features include student registration & login with email validation, course & package-based video access, fee & attendance management, and student document uploads. Includes a powerful admin panel to manage courses, memberships, packages, staff users, enquiries, banners, sliders, FAQs, team profiles, and static content.
Tech: MERN Stack (React, Node.js, Express, MongoDB)
- [DryMate - Organic Farming Site](#): Built a full-stack web platform to showcase and sell organic mushroom products. Users can register for farming training sessions. Includes an admin panel for managing products, orders, and content updates.
Tech: FastAPI, Next.js, Stripe, SQL
- [Gym Membership Platform](#): Developed a modern gym website with subscription plans, class schedules, and secure Stripe payment integration. Admin panel allows staff to manage classes, members, trainers, and subscriptions.
Tech: FastAPI, Next.js, Stripe, SQL
- [E-commerce Web App](#): Created a responsive shopping site with features like user login, product catalog, cart and Wishlist system, and payment gateway. The admin dashboard supports product CRUD, order tracking, and user role management.
Tech: FastAPI, Next.js, Stripe, SQL
